Hands on Olive Fly Workshop

Bill Krueger
Farm Advisor

In accordance with applicable State and Federal laws and University policy, the University of California does not discriminate in any of its policies, procedures, or practices on the basis of race, religion, color, national origin, sex, marital status, sexual orientation, veteran status, age, medical condition, or handicap. Inquiries regarding this policy may be addressed to the Affirmative Action Director, University of California, Agriculture and Natural Resources, 300 Lakeside Drive, 6th Floor, Oakland, CA 94612-3560. (510) 987-0097.

To simplify information, trade names of products have been used. No endorsement of named products is intended, nor is criticism implied of similar products which are not mentioned.

HANDS-ON OLIVE FLY WORKSHOP

Who should attend: Olive Growers, especially if you have less than 500 trees.

When & Where: **June 3, 2010, 4:00 to 5:30 p.m.**
John Erickson's olive orchard, south of Road 24 and west side of Road M. Park at edge of orchard.

Topics covered:

- ◆ How to identify the olive fruit fly.
- ◆ How to assemble Plastic McPhail and sticky traps.
- ◆ How to make an Olive trap (bring your own 1 liter bottle). We will have a limited supply of Torula yeast tablets for bait on hand.
- ◆ Mass trapping for olive fly control.
- ◆ How to mix, load and apply GF-120 (Spinosad) with a hand-can, backpack sprayer or a 4-wheeler. The pesticide and sprayers will be available for demonstration.
- ◆ Surround sprays for olive fly control

Who to contact if you have questions:

Jean Miller (934-6501), Ernie Simpson (865-9829), or Bill Krueger (865-1107).
