Dairy Herdsman Short Course

This three day program will be held at California State University, Fresno on October 22-24, 2001. The program registration cost is \$75.00. The enrollment is limited to 40 people, so if you want to go or send an employee, ACT NOW!

Participants must make their own lodging arrangements. A flyer with the class content is in this newsletter and includes a registration form.

North Valley Dairy Day Thursday, January 29, 2002

It's not too early to start thinking about what you would like to have on the 2002 Dairy Day Program.

I have reserved the Kountry Kitchen for January 29, 2002. Please call me at 865-1107 to give me your ideas.

Reminder!

Call in now to reserve your space in the Environmental Stewardship Short Course that will be held at the Cooperative Extension Office at 821 E. South Street in Orland on October 18, November 1, and November 8, 2001. We must have your verbal reservation in order to plan for the course.

The goal of the ESSC 1 is to provide producers with sufficient information so they can comply with water quality regulations that pertain to animal-feeding operations. The course is offered to dairy producers throughout California in three two-hour sessions. Please call the Cooperative Extension Office to reserve your spot.
