Glenn County Surface Water Stewardship Project Tour

Barbara Reed,
 County Director

In accordance with applicable State and Federal laws and University policy, the University of California does not discriminate in any of its policies, procedures, or practices on the basis of race, religion, color, national origin, sex, marital status, sexual orientation, veteran status, age, medical condition, or handicap. Inquiries regarding this policy may be addressed to the Affirmative Action Director, University of California, Agriculture and Natural Resources, 300 Lakeside Drive, 6th Floor, Oakland, CA 94612-3560. (510) 987-0097.

To simplify information, trade names of products have been used. No endorsement of named products is intended, nor is criticism implied of similar products which are not mentioned.

Glenn County Surface Water Stewardship Project Tour May 22, 2002 - 8:30 a.m.

For the last several years, the Glenn County Surface Water Stewardship (GCSWS) Committee, a group organized by the Glenn County Agricultural Commissioner and consisting of growers, PCA's, and agencies has been working to maintain surface water quality and valuable pest control tools.

We will tour three research and demonstration sites of the GCSWS and allied industry in Glenn County and have lunch at a local seed facility. You will have opportunities to visit with growers, pest control advisors, and other cooperators and sponsors who participate in the GCSWS project.
